

**Part Number: LS-GNC628**

**Description: GROVE Cat6 Thin 28AWG Patch Lead**

Introducing the GROVE Ultra-Thin CAT6 Ethernet Network Cable, an advanced solution crafted for superior performance, reliability, and maximum speed requirements. Specifically designed for high-density patch panel setups where space efficiency is critical, these cables stand out with their ultra-thin profile.

**Key Features:**

**Sleek Ultra-Thin Build:**

With a streamlined and thin design, GROVE CAT6 cables excel in applications where space optimization is a priority.

**Fluke Tested Assurance:**

All GROVE network CAT6 cables undergo Fluke testing, ensuring a reliable and high-performance connectivity experience.

**Gold-Plated Connectors:**

Manufactured with gold-plated connectors, these cables exceed Australian industry standards, providing robust and dependable connections.

**Enhanced Crosstalk and Noise Specifications:**

CAT6's stringent specifications for crosstalk and system noise make these cables suitable for Fast Ethernet, Gigabit Ethernet, and 10-Gigabit Ethernet applications.

**Multi-Strand Conductors in T568A Configuration:**

Featuring 8 multi-strand conductors arranged in a T568A color-coded configuration for efficient and organized networking setups.

**Molded Strain-Relief Boots:**

Fully molded strain-relief boots ensure durability and longevity, enhancing the cable's resistance to wear and tear.

**LSZH Jacket for Safety:**

The Low Smoke Zero Halogen (LSZH / LSOH Jacket) minimizes the emission of corrosive and toxic gases during combustion, prioritizing safety.

<b>DESCRIPTION</b>	<b>COLOUR</b>	<b>LENGTH</b>
Grove Cat6 THIN 28 AWG Patch Lead	Blue, Green, Yellow, Orange	0.5M, 1M, 1.5M, 150MM, 200MM, 280MM, 2M, 3M, 5M

**Cat6 Thin 28AWG Patch Lead**  
**\*MULTIPLE LENGTHS AND COLOURS AVAILABLE\***
