

Part Number:**Description: GROVE CABINET PACKAGE**

The GROVE Deep Wall Cabinet offers a robust and efficient solution for organizing and securing networking and server equipment in limited spaces. This wall-mounted cabinet is designed to maximize functionality while ensuring durability and security for critical equipment. It comes equipped with essential accessories, including a 1RU 200mm Cantilever Shelf and a 6 Way 10Amp Horizontal Power Distribution Unit (PDU), providing a comprehensive setup suitable for server rooms, offices, or data closets.

Key Features:

- **Multi Rack Units (12RU, 15RU, 18RU):** Provides ample space for mounting and organizing networking and server equipment vertically, optimizing space utilization.
- **Deep Design:** Multi depths available, accommodates a variety of networking and server equipment, making it suitable for diverse applications.
- **Wall-Mounted:** Designed for efficient wall mounting, saving floor space and enabling installation in constrained environments.
- **Robust Construction:** Built with durability in mind, the cabinet ensures the secure housing of equipment and protects against external factors.

Comprehensive Accessories:

- **1RU 200mm Cantilever Shelf:** Offers a platform for placing non-rack mountable equipment or additional accessories.
- **6 Way 10Amp Horizontal PDU:** Provides power distribution capabilities with six outlets, contributing to a well-organized and efficient setup.
- **Secure Equipment Housing:** Enhances security by providing a locked enclosure for networking and server equipment, preventing unauthorized access.
- **Versatile Applications:** Suitable for server rooms, offices, data closets, or any environment where efficient and secure equipment organization is crucial.
- **Professional Appearance:** The cabinet contributes to a neat and professional appearance, ensuring a well-maintained networking infrastructure.
- **Ventilation Features:** May include ventilation options to manage heat dissipation and maintain optimal operating conditions for enclosed equipment.
