

Part Number: **LF-GNPLC2M / LF-GNPSM2M**

Description: **GROVE 2M OS1 / OS2, OM3, OM4 PIGTAIL PACKS**

The GROVE 2M SC/LC MM OS1/OS2, OM1, OM3, OM4 Pigtail is a two-meter fiber optic pigtail specifically designed for multimode applications. Featuring an SC OR LC connector on one end, this pigtail is optimized for use with OS1/OS2, OM1, OM3, OM4 multimode optical fibers. Its 2-meter length makes it suitable for high-speed communication in short-distance scenarios, making it a reliable choice for network and data center environments.

PACKS OF 6, PACKS OF 12 available

Key Features-

Multimode Design:

Specifically designed for multimode applications, accommodating various types of multimode optical fibers.

Connector Options (SC or LC):

Offers flexibility with connector options, featuring either SC or LC connectors on one end.

Optimized for OS1/OS2, OM1, OM3, OM4 Fibers:

Optimized for compatibility with different multimode optical fibers, including OS1/OS2, OM1, OM3, and OM4. This ensures versatility in various network configurations.

Two-Meter Length:

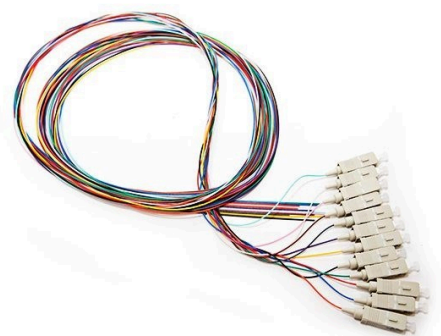

Comes with a 2-meter length, providing suitable reach for high-speed communication in short-distance scenarios. The length is convenient for connecting components within network and data center environments.

High-Speed Communication:

Tailored for high-speed communication, meeting the demands of modern networking applications.

Reliable Choice:

Positioned as a reliable choice for network and data center environments, indicating durability and consistent performance.

Technical Support: 1300 732 254
